

10 CHARACTERISTICS OF A HEALTHY CHURCH

Multiplication Network Ministries

FIVE KEY COMMITMENTS

Clear and Inspiring Vision

Vision allows the church to see clearly what God wants it to be and do, so that the Body of Christ may be unified as it gives witness to God's new creation in its community.

Mobilizing Leadership

Leaders are those who understand and embody the vision, who communicate that vision clearly to the congregation, and who organize the body so the vision becomes reality.

Motivated Ministering Body

The members of the church work in unity, using their gifts to serve their congregation and the community.

Proper Stewardship of Resources

The church effectively challenges its members to be good stewards of their possessions, resources and goods (time, talent, and treasure). It uses these resources and financial donations to carry out the work of the Kingdom of God in the church and in its community.

Integration of Text and Context

The church understands its context (the cultural, religious, economic, geographical, and social aspects) and knows how to communicate God's Word in ways that make sense to the hearers. While the message of the gospel does not change, the methods for sharing it can change.

FIVE KEY FUNCTIONS

Compelling Witness

The Church announces the good news of Jesus Christ in word and in deed and invites people to be part of the Kingdom of God.

Comprehensive Discipleship

The Church helps people to see Jesus clearly and to know His will for their lives. It equips them to follow Him in all aspects of life.

Compassionate Service

The Church meets the people's needs in the name of Christ and invites them to be His disciples.

Caring and Welcoming Community

Members help each other with their burdens, thus showing the love and compassion of Christ.

Dynamic Worship and Prayer

The church gathers as the family of God with the triune God in worship, confession, and gratitude, as well as dedicating themselves to service and prayer.
